## Facilities

Bachrodt provides a safe and clean environment for learning. The facility is 54 years old, and the renovation of Bachrodt was completed in the summer of 2006. Roofing, carpeting, electrical work, heating, and air conditioning were modernized in 2002. During the summer of 2004, the sewer system was replaced and areas of blacktop were repaired. A full-time custodian cleans the facility during the day, and a nighttime crew cleans buildings and offices after hours. During the summer

of 2006, modernizations included new windows, all sinks and cabinets, new inside and outside paint, a newly refurbished front office/work room/staff room, and new air/heating systems in the M building, which includes classrooms and the Media Center.

There are major renovations and installations planned for 2009 spring and summer. In May 2009, Bachrodt's field will begin to undergo a complete transformation with a new sprinkler system and grass. A

new backstop will be installed and a designated soccer field and baseball diamond will be designated. Two modernized classrooms will replace one kinder classroom. Currently, half of the media center is being leased by a county program. The media center, which houses 8 classrooms and the library, will be remodeled to accommodate a growing staff and support personnel. Other renovations or installations include a new play structure and outdoor eating area with canopy.

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (English-language arts or mathematics) or on the same indicator (API or graduation rate).
