Principal's Comments

Community Schools are educational options, which provide safe, challenging, and supportive learning environments for students with diverse needs by teaching academics and life skills and motivating students to envision and create their futures. Minimum instructional day is 360 minutes.

San Jose Community School's mission is to provide expelled students and other referred at-risk students, grades 6-12, with a well-supervised, structured, small classroom environment, where students abilities are assessed and individualized and group instruction takes place to best meet each students needs. A challenging, standards-based academic program addressing individual students learning modalities and abilities, with emphasis on pro-social skills and the building of student self-esteem through academic success, will enable students to become functioning, productive members of society.

The staff members of Community School believe:

- that is essential to maintain a safe, supportive environment that emphasizes positive self image and personal responsibility.
- that students' personal issues need to be address to prepare them for academic success.
- that flexible scheduling and varied delivery systems give all students the opportunity and encouragement to succeed.
- in providing specialized programs for drug treatment, gang intervention, and personal counseling.

Principal's Experience

Rosa Nieto has served as San Jose Community School principal for the last 6 years. Ms. Nieto has been an administrator with San Jose Unified School District since July 2002. She was also a high school counselor for 10 years prior to becoming an administrator.

Major Achievements

- Refined our Middle School and High School action plans to address classroom rules, grading policies and teacher expectations.
- Implemented College and Career Days.
- Increased support service through San Jose BEST.
- Strengthen collaboration with Probation, San Jose Police Dept and mayor's Gang Task Force.
- Increased our Parent Participation in Parent Project.

Demographics

The chart and table below show the number of students enrolled in each grade level and the percent of students enrolled who are identified as being in a particular group during the 2009-2010 school year.

Parental Involvement

Parents are required to attend a mandatory orientation meeting prior to their student enrolling at San Jose Community School. An Open House is held in the fall. Parents are invited to attend our Student of the Month awards events and they encourage them to visit their child's classroom. Teachers, Counselors and School Administrators are available to meet with parents in regards to their students' academic progress or support services.

For further information on parent involvement, please contact us at 279-2550

Climate for Learning

Safety

San Jose Community School Safety plans were reviewed and updated November 2008 by our school Leadership Team that included all certificated staff. The plan includes emergency procedures for evacuations, intruders on campus and natural disasters. In addition, we participate in the district –wide emergency drills and Code Red drills with the San Jose Police Department.

Our students follow the rules outlined in the District's Student and Parent Information Handbook. Students and parents are asked to agree to all of our school rules and dress code, which includes a mandatory common dress policy prior to enrolling. We require students and parents to sign a Neutral Territory Agreement to which they agree to leave all gang, drug, alcohol, and violence out of our school.

Homework

Homework and extra credit is assigned at the discretion of the classroom instructor.

Discipline

San Jose Community School provides students and their families with discipline guidelines and behavior expectations at orientation meeting. Parents and students are asked to sign all documents acknowledging and accepting school rules and expectations. The forms establish a clear system of rewards and consequences that include detention, On-campus suspension, and suspension. High School teachers and Middle school teachers are required to set common classroom rules and expectations that are aligned to the school, district, and state policies.

This table displays the rate of suspensions and expulsions (total number of incidents divided by the total enrollment) at the school and district levels for the most recent three-year period.						

Facilities

San Jose Community School moved to its current location in August 04. There are 12 classrooms, a counseling center, computer lab, multipurpose room, and administration building. The campus is gated and fenced and is well maintained. A small open field is available for students to use for recreational activities. Students also use the outdoor handball and basketball courts during lunch and PE. The facility is safe, clean, and well maintained by the custodial and grounds personnel. The restrooms at the school are fully operational and clean.

This table displays the results of the most recently completed school site inspection to determine the school facility's good repair status. Each area/classroom of the school is inspected. A "deficiency" is counted for each occurrence of a condition. Descriptions of similar deficiencies are combined rather than to list by classroom.

System Inspected	Exemplary	Good	Fair	Poor	Repair needed and action taken or planned
Systems: Gas Leaks, Mechanical/HVAC, Sewer	✓				
Interior: Interior Surfaces		✓			There was 1 deficiency in this area. It was for wall paper torn in Rm 9.
Cleanliness: Overall Cleanliness, Pest/ Vermin Infestation	✓				
Electrical: Electrical			✓		There were 4 deficiencies in this area. They were for the need to replace burned out light bulbs and 1 light switch plate broken.
Restrooms/Fountains: Restrooms, Sinks/ Fountains		✓			There was 1 deficiency in this area. Outside drinking by counselors office needs to be cleaned.
Safety: Fire Safety, Hazardous Materials	✓

- Teacher misassignments (teachers assigned without proper legal authorization)
- Note: Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.**
- Vacant teacher positions (not filled by a single designated teacher assigned to teach the entire course at the beginning of the school year or semester).

Detailed information about teacher qualifications can be found at the CDE Web site at <http://dq.cde.ca.gov/dataquest/>.

Core Academic Classes Taught by NCLB Compliant Teachers

The **No Child Left Behind Act (NCLB)** requires that all teachers teaching in core academic subjects are to be "highly qualified". In general, NCLB requires that each teacher must have:

- A bachelor's degree
- A state credential or an Intern Certificate/Credential for no more than three years
- Demonstrated subject matter competence for each core subject to be taught by the teacher.

This chart displays the percent of classes in core academic classes taught by No Child Left Behind (NCLB) compliant teachers in the following areas:

- Teachers at this school
- Teachers in the District
- High poverty schools (student participation of 75% or more in free and reduced meals program)
- Low poverty schools (student participation of 25% or less in the free and reduced meals program)

More information on teacher qualifications required under NCLB can be found at the California Department of Education's Web site at <http://www.cde.ca.gov/nclb/sr/tq/>.

Evaluating/Improving Teachers

San Jose Community School administration follows the guidelines for teacher evaluation as set forth by the District. Certificated staff participated in monthly meetings where they discuss “Best Practices” and evaluate academic program.

Staff Development

The teaching staff participates in all district in-service and curriculum development activities. In addition, the staff is committed to continual self-development to improve their teaching skills and classroom management.

Teacher Assignment

All teachers at San Jose Community School hold a full or preliminary credential and are highly qualified under NCLB in at least one subject area. All have CLAD certification to work with English Language Learners.

Substitute Teachers.

San Jose Community School maintains a list of qualified substitute teachers who have prior experience working with at risk students.

Leadership Team

San Jose Community School administration and certificated staff form the school Leadership Team. The leadership team meets weekly to discuss students progress and to evaluate school program.

Curriculum

Reading and Writing

The English department uses Character Based Literacy Program as the core program for all English classes including RSP and SDC. It is a value-themed literacy program that uses a wide selection of recommended readings and supportive materials to meet California Reading Language Arts Standards. The comprehensive program includes daily written, oral, and visual language with linked instruction in coping, cooperation, and thinking skills. This combination helps to build literacy while increasing positive thoughts, values, and behaviors in classrooms. In addition, students' 10-12th grades receive CAHSEE prep class prior to every exam.

Math

The Math department uses a standard-based instructional program for Math1-8, Algebra, Geometry, and Algebra II. In addition, students' 10-12th grades receive CAHSEE prep class prior to every exam.

Science

The Science department implemented a Character Based Literacy Science program this year. Science teacher attended a weeklong training program on implementation and delivery of instruction. CBL Science is a value themed program that focuses on Biological themes that are based on character. The program includes hands on and computer activities that relate to students lives. A program called "Too Good for Drugs and Violence" is used once a week to teach prevention of alcohol and tobacco use and also in dealing with conflict resolution and anger management.

Social Studies

The Social Science department offers one subject per year alternating between World History and U.S. History. Instructors use a variety of teaching tools including group projects and presentations.

The special education program is designed to specifically meet the needs of students with learning disabilities through the Resource Specialist Program and the Special Day Class. Instruction is provided in math, English, science, and social science. Students are mainstreamed into elective and academic classes based on academic achievement and assessment.

Textbooks

Textbooks are updated and purchased according to State adoption criteria and guidelines. We make every effort to insure that there are sufficient textbooks and materials for every student.

This table displays a comparison of the school's per pupil expenditures from unrestricted (basic) sources with other schools in the district and throughout the state, and a comparison of the average teacher salary at the school site with average teacher salaries at the district and state levels. Detailed information regarding school expenditures can be found at the Current Expense of Education Web page at <http://www.cde.ca.gov/ds/fd/ec/> and teacher salaries can be found on the Certificated Salaries and Benefits Web Page at <http://www.cde.ca.gov/ds/fd/cs/>.

Types of Services Funded

San José Unified School District spent an average of \$9,784 per student in the 2007-08 school year, compared to \$9,045 per student spent on average by all unified districts in the state. Total operating expenses for the 2007-08 year were \$292,027,676. Additional details about San José Unified's expenditures can be found on the Ed-Data web site (www.ed-data.k12.ca.us).

These expenses are for costs related to educational services to students as well as directly related support costs, such as utilities, custodial and maintenance costs. Included also are central support costs related to such activities as hiring, purchasing and accounting. This figure

Comparison of District and State Teacher and Administrative Salaries (Fiscal Year 2008-09)

Student Performance

Standardized Testing and Reporting Program

The Standardized Testing and Reporting (STAR) Program consists of several key components, including the California Standards Tests (CSTs); the California Modified Assessment (CMA), and the California Alternate Performance Assessment (CAPA).

The **California Standards Tests (CST)** show how well students are doing in relation to the State content standards and are reported as performance levels. Students are tested in the following areas:

- English and Language Arts—Grades 2-11
- Mathematics—Grades 2—11
- Science—Grades 5, 8, 9, 10 and 11
- History and Social Science—Grades 8, 10 and 11

The **CAPA and CMA** are alternative assessments for special education students with Individual Educational Plans.

Detailed information regarding the STAR Program results for each grade and performance level, including the percent of students not tested, can be found on the CDE Standardized Testing and Reporting (STAR) Results Web site at [<http://star.cde.ca.gov>]<http://star.cde.ca.gov>. Program information regarding the STAR Program can be found in the Explaining 2008 STAR Program Summary Results to the Public guide at [<http://www.cde.ca.gov/ta/tg/sr/documents/starpkt5intrpts.pdf>]<http://www.cde.ca.gov/ta/tg/sr/documents/starpkt5intrpts.pdf>.

NOTE: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

Academic Performance Index (API)

The **Academic Performance Index (API)** is an annual measure of the academic performance and progress of schools in California. API scores range from 200 to 1,000 with a statewide target of 800. Detailed information about the API can be found at the CDE API Web Page at <http://www.cde.ca.gov/ta/ac/ap/>

API Ranks

This table displays the school's similar schools API ranks. These ranks are published when the Base API is released each March. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest 10% of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest 10% of all schools in the state. The similar schools API rank reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing 10 schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

Schools participating in the ASAM do not currently receive growth, target information, or statewide or similar schools rankings on this report in recognition of their markedly different educational missions and populations served. ASAM schools are covered under the Alternative Accountability system as required by *Education Code* Section 52052 and not the API accountability system. However, API information is needed to comply with the federal No Child Left Behind (NCLB) law. Growth, target, and rank information are not

API Changes by Student Group -- Three Year Comparison

Schools participating in the ASAM do not currently receive growth, target information, or statewide or similar schools rankings on this report in recognition of their markedly different educational missions and populations served. ASAM schools are covered under the Alternative Accountability system as required by *Education Code* Section 52052 and not the API accountability system. However, API information is needed to comply with the federal No Child Left Behind (NCLB) law. Growth, target, and rank information are not applicable to LEAs.

Adequate Yearly Progress (AYP)

The federal NCLB act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in English-language arts (ELA) and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found at the CDE AYP Web page at <http://www.cde.ca.gov/ta/ac/ay/>.

AYP Criteria	School	District
Overall	Yes	No
Participation Rate - English-Language Arts	Yes	Yes
Participation Rate - Mathematics	Yes	Yes
Percent Proficient - English-Language Arts	Yes	No
Percent Proficient - Mathematics	Yes	No
API	N/A	Yes
Graduation Rate	N/A	Yes

This table displays an indication of whether the school and the district made AYP overall and whether the school and the district met each of the AYP criteria.

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (English-language arts or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP.

School Completion and Postsecondary Preparation

Admission Requirements for California Public Universities

University of California

Admission requirements for the University of California (UC) follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements please visit the University of California Web site at <http://www.universityofcalifornia-edu.org/general-admissions.html>.

California State University

Admission requirements for the California State University (CSU) use three factors to determine eligibility. They are specific high school courses; grades in specified courses and test scores; and graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses utilize local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For general admissions requirements please visit the California State University Web site at <http://www.calstate.edu/admission/>.

Dropout Rate and Graduation Rate

This table displays the school's one-year dropout rates and graduation rates for the most recent three-year period. For comparison purposes, data are also provided at the district and state levels. Detailed information about dropout rates and graduation rates can be found at the CDE Web site at <http://dq.cde.ca.gov/dataquest/>.

Students in California public schools must pass both the English-language arts and mathematics portions of the California High School Exit Examination (CAHSEE) to receive a high school diploma. For students who began the 2009-10 school year in grade 12, as evidenced by that school year's October CBEDS enrollment, this table displays by student group the percent who met all state and local graduation requirements for grade 12 completion, including having passed both portions of the CAHSEE or received a local waiver or state exemption. Detailed information about the CAHSEE can be found at the CAHSEE Web page at <http://www.cde.ca.gov/ta/tg/hs/>.

Note: "N/A" means that the student group is not numerically significant (less than 10).

Courses for University of California and/or California State University Admission

This table displays for the most recent year, two measures related to the school's courses that are required for University of California (UC) and/or California State University (CSU) admission. Detailed information about student enrollment and completion of courses required for UC/CSU admission can be found on the Dataquest web site at <http://dq.cde.ca.gov/dataquest/>.

Career Technical Education Programs

San Jose Unified School District has a Joint Powers Agreement with the local Regional Occupational Center, Central County Occupational Center/Metropolitan Education District (CCOC/MetroEd). CCOC is a consortium of six school districts offering exciting and effective job training classes in one unique facility. High school advisors recommend students for CCOC placement. Students are bused to and from their home school daily, attending CCOC for three hours in conjunction with their regular high school studies. CCOC course offerings are primarily those that require special facilities and equipment normally not available or economically feasible at any one school. However, each of the comprehensive high schools in SJUSD has ROP courses offered on its campus. These courses vary by school and for up-to-date information, the school needs to be contacted.

Each high school's sequence of courses varies and changes according to staff availability, student enrollment, and employment trends. Currently, the following CTE courses are offered at SJUSD high schools (these courses are subject to variation year-to-year):

SJUSD has an Engineering Career Pathway using the Project Lead the Way (PLTW) curriculum operating at San Jose High Academy and Leland High School. This is a nation-wide, highly-respected curriculum introducing high school students to engineering. SJUSD has a Career/Vocational Counselor who presents CCOC opportunities to all sophomores and interested juniors and seniors in SJUSD. This is done through presentations at each comprehensive high school. In addition, the counselor is housed at CCOC and monitors the progress of each SJUSD student enrolled at CCOC. Each comprehensive high school offers extended counseling support to students for career and post-secondary planning.

Each school also has a College and Career Center which affords students the opportunity to explore college and careers by using district approved career guidance software. The software provides tools that assist students in exploring careers and education and training opportunities in order to make informed decisions about their futures. A Career Center Technician is available to train students in the use of the software and to assist them in their exploration and planning.

CCOC currently offers courses to SJUSD students:

Housed in each College and Career Center is Central County Occupational Center High School Advisors Handbook. This handbook lists all of the courses offered to SJUSD students at the CCOC. The handbook also indicates career pathways for the classes offered at CCOC. Articulation agreements with local community colleges specifying college credits which may be earned by successful completion of CCOC courses are available in the handbook also.

San José Unified School District

The School Accountability Report Card (SARC), which is required by law to be published annually, contains information about the condition and performance of each California public school. More information about SARC requirements is available on the SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>. For additional information about the school, parents and community members should contact the school principal or the district office.

San José Unified's SARCs are prepared by the Office of Educational Accountability.

Data and Access

DataQuest

DataQuest is an online data tool located at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, *DataQuest* is a dynamic system that provides reports for accountability (e.g. Academic Performance Index [API], Adequate Yearly Progress [AYP], test data, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
