About this school

Leland has an outstanding record of student achievement and was named a New American High School and a Very High Performing School based on the 2002 API. The strength of Leland comes from rigorous academic standards, outstanding and motivated students, supportive parents and community, and a well-qualified staff.

The school's improvement process is organized around the strategies of New American High School.

- ... Focus all decision-making, planning, and staff development on improving student learning and achievement
- ... Help all students meet high standards and master rigorous academic material by providing relevant, challenging and in-depth curricula
- ... Provide varied forms of assessment that enable students to demonstrate knowledge and skill in meeting course and school objectives and district, state, and national standards
- ... Provide personalized, safe and up-to-date learning environments with extra support from partnerships with parents, the community, business and higher education.
- ... Provide extended learning options by integrating technology and real life experiences both during and beyond the regular school day

Student enrollment at this school for school year 2005-2006 was 1,818

School Facilities

Leland High School was constructed in 1967. Beginning in the summer of 2001, Leland received \$8,000,000 through Measure C Bond Funds for modernization, including new heating, air conditioning, roof and electrical infrastructure. The Leland Foundation raised \$1,600,000 for additional reconstruction of the Media Center and upgrading technology infrastructure. Additional improvement for science classrooms, athletic fields, and the technology wing will began in 2006 through Measure F Bond funds.

The following deficiencies were found and work orders have been submitted to correct all areas.

- ... Water damage in 2 light fixtures in entrance to girls' gym
- ... Paint peeling in gym
- ... Repairs needed in E wing to repair outlet covers

Curriculum and Instructional Materials

Over the past three years, Leland has invested over \$380,000 for the purchase of new textbooks. Leland continues to adopt and purchase new textbooks and instructional materials that reflect best practices in teaching today. All students have textbooks and instructional materials in all core subjects.

A list of textbooks and adoption dates is available at: http://www.sjUSD.org/pdf/staff/Instructional_Material/Textbook_listing.pdf

Student Performance

The California Standards Test (CST) shows how well students are doing in relation to the State content standards and are reported as performance levels. Students are tested in the following areas:

- ... English and Language Arts—Grades 2-11
- ... Mathematics—Grades 2—11
- ... Science—Grades 5, 8, 9, 10 and 11
- ... History and Social Science—Grades 8, 10 and 11

Detailed information regarding CST results for each grade and proficiency level, including the percent of students not tested, can be found at the CDE Web site at <http://star.cde.ca.gov/>. *Note: To protect student privacy, scores are not shown when the number of students tested is 10 or less.*

School Completion and Postsecondary Preparation

- ... The graduation rate for this school was 97.9%.
- ... The percent of graduates that completed all courses required for University of California and California State University admission was 89%
- ... The percent of students that passed the California High School Exit Exam was 96%

Accountability

Academic Performance Index (API)

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800.

2006 Growth API	Change from Prior Year	Met Growth Target	Statewide Rank	Similar Schools Rank	Program Improvement School
859	-3	Yes	10	8	No

API Ranks

Schools are ranked in two ways based on their API scores. They are ranked as to how they compare to all elementary schools in the state and how they rank compared to 100 statistically matched schools. A rank of 1 means the school has an API score in the lowest 10 percent in the comparison group and a score of 10 means that the school has an API score in the highest 10 percent of the comparison group.

Program Improvement (PI)

The federal No Child Left Behind (NCLB) Act of 2001 requires schools and school districts receiving Title I funds to be identified for Program Improvement (PI) if Adequate Yearly Progress (AYP) criteria are not met for two consecutive years. Each year schools and districts must meet four sets of requirements to reflect minimum statewide performance levels. These requirements are the same for all schools and districts of the same type.

Detailed information can be found at the CDE website at <http://www.cde.ca.gov/ta/ac/ar/index.asp>
