

This Implementation Plan is organized into three books; each of which is more fully detailed below;

Volume 1: Implementation Plan

This portion of the Implementation Plan addresses the following;

- a. what is the history of the Bond program, its goals and the general organization of the Implementation Plan?
- b. what scopes of work have been identified?
- c. what are their costs?
- d. how were they selected for inclusion within the Plan?
- e. what work will take place at each facility, and when?

Volume 2: Standards Manual

This portion of the Implementation Plan addresses the following;

- a. what standard documents, report and contract forms are utilized?
- b. what are the facilities standards that the District has selected to support the educational environment?

Volume 3: Materials Standards

This portion of the Implementation Plan addresses the following;

- a. what are the standardized building materials that the District has selected for use?
