Re: Site Inspections Tuesday, Trace Elementary, May 6, 2008,

CBOC Members Attending: Diane Hughes, Chris Enriquez

TBI Construction Representative, Ben Petty, led the tour of this new classroom building project. Bill Gould, architect for the project, was on site during the tour. The two story buildings were framed and a roofing subcontractor was at work during our visit. The Performing Arts building is scheduled for completion in December 2008. Existing portables will be removed upon completion of the classroom building. We also toured the current library renovated last summer.

TBI has a project web camera which can be viewed at
