

# Positive Solutions 4 Children

*Parents and Schools Working Together  
To Make The Difference in their communities!*

## **Mission Statement**

To make a positive change and a difference in the world - one child at a time.  
To help children learn control of both themselves and their words.  
To empower children with the life lesson of kindness  
while helping others around them.  
To be a positive influence within their community  
and give back to their world in a positive way.

## ***Welcome to the PS4C Series!***

Recognized on the ABC's hit series "Home Show"  
Recognized by San Jose Unified School District  
Parent run programs and incredibly budget friendly!

## **Testimonials**

"Fabulous! What can I say? Specific wrap up and encouragement for the student, parent and teacher. It's refocuses the child on the big goal and reminds us all that success is built one week at a time". - Janet O'Blennis-Third Grade teacher  
"We can stand around blaming the teachers, administration, state, even Washington about the problems at our public schools or we can get involved and become part of the solution!" - T.L. Cressio 1989

## **Noon League©**

A fabulous anti-bully cooperative activities program run during the lunch hour.

## **The Best Yard©**

## **Positive Solutions 4 Children - Assembly descriptions**

### **Noon League**

All students benefit from this unique playground program. It releases the stress from an overcrowded playground, offering more choices to play, bringing in more volunteers (making it budget friendly), and making it safer for all the students every day. It motivates elementary students to work together and promote team work while building high self-esteem, through noncompetitive play (Noon League uses a unique cooperative point sports scoring system). It also builds a bond between all of our children and our community as the program grows at each different school location. While creating new friends within the Noon League program, children build strong social skills. By enhancing it with the High School Elementary TA Program it will influence the children's future jobs as parents themselves.

We encourage students to sign up and participate every session in some way. To have a safe and fun place to interact together in a positive way and go back to the classroom refreshed, happy and ready to learn!

### **The Best Yard**

Tone check and Respect. Expectations, Consistency, Consequences. Confidentiality. These are the keys to The Best Yard! Add commitment and teamwork among staff, parents and students you have a win win situation! With the addition of a strong conflict management program you get just that!

### **Positive Fitness**

I have always believed that Physical Education is an open door into practical life skills training for our children. An arena for ultimate and unlimited possibilities in practical life skills training. Everything from gracefulness and persistence, to humility in the face of a huge win and strength of character in a loss. From organization to responsibility. Choices and attitude refinement. Good choices & a positive attitude are everything! Life is the ultimate sports challenge! Each month covers a new Life Lesson and a new activity all reaching towards the common goal to be fit. Mind, body and spirit!

### **Kids Speak Out**

A half day student conference held once a year with school wide impact on conflict management, bullies, responsibility, respect, choices and a Random Acts of Kindness Challenge.

### **Elementary TA - Students Helping Students**

High school class taught at the elementary school site. Students work in a wide range of areas. In classrooms and out at Noon League for community service hours or requirement credit. This is a fabulous budget friendly program bringing students and staff together.

### **Traffic Safety**

School, neighborhood and community leaders coming together to ensure safety of the students and their families as they come and go from school.

### **Assembly Fees**

Each assembly/training seminar runs from 1 to 1.5 hours. Each school will receive a text based on the chosen program with permission to copy for school site usage only. Assemblies fees: Upon Request
