### *Message from the Principal*

Our 2nd – 5th graders have been taking the CST/STAR tests this week. They will also be testing next week, Tuesday - Thursday.

It is especially important that during these testing periods, your student goes to bed early, eats a good breakfast in the morning, and arrives to school on time!

Please do not sign students out for appointments in the morning. Parents are not allowed to be in the classrooms during testing.

Our Student Council has organized a spirit day for Friday, April 22.

Students, staff and parents are encouraged to wear college T-shirts or sweatshirts...no hats! This event will be combined with our last Family Picnic Day of the school year.

Come and join your student for lunch on the field. Kindergarten @ 11:50; grades 4 & 5 @ 12:06; and grades 1-3 @ 12:26. Meet your student by the grade level T-shirt flag on the field.

It is hard to believe that we only have six more weeks of school. Check the Williams website for many wonderful summer sports, programs, and camps. Go to the website and click on Summer Enrichment and Community Programs for information.

In place of a class we will have a parent chat to discuss the following:

- What did you like most about the curriculum?

- What parenting challenges are you still wrestling with?

Review any topics people would want to discuss on these

### ***Allowance that Allows*** by Kristan Leatherman, M.S

Picture this. You're attending a school event and you overhear the following conversation at the refreshment table: One mom says: *"I don't give my kids any allowance at all. They have to do all their chores before they get a dime from me!"*

Another Mom chimes in: *"You don't? My kids get \$20 a week no matter what!"*

Then, a Dad pipes up: *"My kids aren't allowed to even touch money until they're 16!"*

There are as many opinions about allowance as there are ways to spend money. Many parents think that allowance should be earned. Other folks think kids are too young or immature to ever be given any financial responsibility.

What do the Love and Logic<sup>®</sup> experts say?

If we give equipment to kids to play sports and instruments to play music then it follows we should give kids money to learn how to use it wisely. In the truest sense of the word, an allowance allows. It *allows* kids to learn the value and meaning of money with hands-on experiences. And it *allows* parents the opportunities to prepare their children for their financial future.

Here are a few ways to get started:

- Separate allowance from chores. Chores are contributions kids should do for free because they are a part of your family.
- Provide opportunities to earn money. If you want your kids to learn to earn money, you can give them jobs to do. Jobs are extra tasks beyond chores that kids can be paid to do.

Nothing teaches the value of a buck faster than running out of money when you really want something. The amount of allowance is not as important as kids getting to practice with their own money when mistakes are small and affordable.

For suggestions for how much allowance, the best time to start, along with age-appropriate lists of contributions vs. jobs, check out my book, [\*Millionaire Babies or Bankrupt Brats? Love and Logic Solutions to Teaching Kids About Money\*](#), co-authored with Jim Fay.

While the value of a dollar may change, the value of learning how to wisely manage a dollar will not.

*1,000 Cranes to Grant a Wish for Japanese Victims Affected by the Earthquake-Strung by Sayuri Kabutogi*

## COMMUNITY BUILDING TEAM

The Japanese families and Cultural Cabinet at Williams' organized Japan relief efforts to help with the recent Earthquake and Pacific Tsunami victims. Donations were collected before school, after school and in each classroom.

The Williams' Cultural Cabinet, led by Maria Nakanishi, Joanne Tsudama, and Sayuri Kabutogi organized Origami Classes with a \$5 minimum donation per student per class to fold 1,000 paper cranes. 193 students participated in the classes. "We were amazed at how diligently the children were folding the cranes. They worked so hard and really did a great job. It was such a wonderful sight to see all the children and parents come together to fold the cranes to send a message of healing to the victims in Japan. The Williams Community is so wonderful," said Joanne Tsudama, one of the organizers of the fundraiser.

**\$1,795.00** was raised from the origami classes and **\$2,092.23** from donations for a total of **\$4,467.23**. Donations will continue to be collected until Williams' Heritage Day on May 13<sup>th</sup>. All the Donations will go to the American Red Cross, designated for the Japan Earthquake and Pacific Tsunami. Thank you for your support of this relief effort.

### 5<sup>th</sup> Grade Service Project

Approximately 87 care boxes were put together by the 5<sup>th</sup> grade and delivered to the **City Team Ministry Men's Shelter**.

The boxes contained shampoo, conditioner, toothpaste, toothbrush, white socks, and a snack. The kids decorated the boxes and customized each one with a hand written note. Melinda Hammond, Chair of the project said, "I was excited to see the positive response from the 5<sup>th</sup> grade, 73% of them participated in the project." Miss Sharon Vaughn, a representative from City Team Ministry came to speak to the kids on the importance of their service project and how it will benefit the less fortunate people. A care box is placed on top of each one of the men's beds each night. They can really make a difference in how they feel.

**Campus Cleanup Coming up on May 15th (Sunday), from 2-5PM**

Next Happy Spring from the Williams garden -- if you haven't had a chance to stroll through the garden, NOW IS THE TIME!

## VOLUNTEER OPERATIONS TEAM

The children have been busy tasting, planting, weeding and creating arrangements from our bounty, and their efforts look amazing.

I want to thank YAMAGAMI'S NURSERY in Cupertino for their recent donation of seeds, veggies and herbs to our garden. With their donations the children are planting a salsa garden box and a pizza garden box!

I also would like to thank Mrs. Santos for her generous donation of magnifying glasses for the children to do some close observing, and for Mrs. Moore's donation of a HUGE SUPPLY of seeds and planting supplies this year.

There are two new fruit trees in the garden, a pomegranate and a mandarin orange. Can't wait to taste their fruit!

We do have a Campus Cleanup coming up on May 15th (Sunday), from 2-5 p.m. One of the projects of the day will be PAINTING THE GARDEN SHED in FUN COLORS! So come happy, come grubby, but come and join us for camaraderie in the garden!

Thank you for all you do,  
*Rhonda*

Please keep saving your plastic bottles, aluminum cans and most glass beverage containers and bring them in to be recycled. Keep in mind you do not have to bring your items sorted, the team will do it for you!

Just a reminder – we can no longer accept wine bottles, milk jugs or tin cans.

Also, if you don't want to wait until next months drive, you can drop off your recycling any time in front of the cafeteria (parking lot side in front of the cage).

We also take **COMPUTER INK CARTRIDGES AND PRINTER TONER** and get \$2.00 per unit.

Feel free to deposit them any time in the cardboard ink recycling display in the cafeteria.

To date we have collected:

Can and Bottle Recycling - \$1061.00

Ink Recycling – \$840.00

Thanks again,

The Recycle Team
