California Education Code (Section 48200) requires a student be enrolled in, and attend, the school that is within the district in which the student’s parent(s) or legal guardian(s) reside(s).

- A Post Office Box is not a residence. Per SJUSD Policy, the home address must be the address where the student sleep at night.

I am aware and understand that should this statement be found to be false, your student will be disenrolled from the school. District Staff may contact the legal resident or visit the address to verify that student(s) and parent(s)/Guardian(s) reside at the address above. I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct. In accordance with State Compliance I have attached the required documentation as proof of residence for enrollment and/or change of address.
